

**Amber warning
Rain**

Between
06:00 Wed 28 Jul 2021 and
06:00 Thu 29 Jul 2021

Prolonged heavy rain is likely to cause travel disruption and some flooding.

What to expect

- Homes and businesses are likely to be flooded, causing damage to some buildings
- Fast flowing or deep floodwater is possible, causing danger to life
- Delays and some cancellations to train and bus services are likely
- Spray and flooding probably leading to difficult driving conditions and some road closures
- A chance some communities will be cut off by flooded roads

Further details

Rain will turn persistent across much of the north of Scotland through Wednesday and overnight into Thursday with some heavy outbreaks. This will lead to large accumulations building, most likely across the eastern part of the Great Glen and around Inverness where accumulations of 80-100mm are possible in 24 hours with 60mm more widely across this area. Given the rainfall of recent days this is expected to lead to some surface water flooding and disruption.

The rain eases and moves south through Thursday.

✓ Medium likelihood of medium impacts
